

DIOS

Divine Instruments Of Spirit

DIOS is a service ministry of musicians and artists who consciously bring spiritual principles into their art, and courageously bring their art into spiritual service for others. Divine Instruments sing, chant, dance, paint, play and pray. Join us!

Introductory Training
Sunday October 5th 12:30 p.m. – 3:00

In our training we crack open the treasure trove of spiritual gold that music and the arts provide – joy, creativity, ego, power, illusion, discipline, judgment, connection, bliss, and serenity. What's next for you on the artistic/spiritual path?

The DIOS network of artists provides ample support and practice opportunities - concerts, auditions, classes, organizations, events, blogs, discussions, workshops, shows, and openings from all over the Puget Sound.

Divine Instruments:
embodying and empowering the full expression of Spirit
in our worship, and in our lives.
