July's Power: Love

This month we explore the Power of Love. The Power of Love (in the 12 Powers system) looks at our abilities to love in many forms - not just at romantic love, but loving kindness: our ability to feel affection for, harmonize & unify; our desire to attract to oneself that which we value; our love of freedom; our love of community; our sharing of our love with our loved ones and with our communities; and our universal love of poetry and of storytelling and of song and music. This month will open us wide with all of our amazing abilities in the Power of Loving.
