

to join

Our online database system, Breeze, is really something!

When you have registered (filled out a contact form on Sunday), you can participate in our on-line CommUnity Directory.

If you haven't filled out a contact form, or can't remember if you have, you can email anniec@seattleunity.org with your contact info, and sign up that way.

After that, you can participate in our online CommUnity Directory, and be able to contact others via email.

In addition, you can track your own donations and pledges throughout the year (no one else will see this part).

You can also sign up to receive targeted emails about the specific Seattle Unity information which interests you.

Remember - you must be registered to participate! [Register now.](#)
