The Grand Convergence: The New Science of the Body-Mind-Spirit Trinity

Bruce H. Lipton, Ph.D.

In the face of global crises in health, home and heart, advances in science are creating a genuine revolution in thought and understanding, one so radical that it can change the world. Driving this evolution are discoveries in quantum physics and epigenetics that offer insight into the true nature of who we really are—spiritual entities in physical bodies. Cell biologist and bestselling author, Bruce H. Lipton unveils a revolutionary vision of frontier science that reveals a grand convergence of the Body-Mind-Spirit trinity.

Through an understanding of the mechanisms by which consciousness interfaces biology, we are empowered to evolve from passive victims to responsible co-creators and, in the process, are offered the key to realizing personal empowerment. Bruce's animated and illustrated seminar will take you on a journey of self-discovery from the chemistry of atoms to the chemistry of love. This dynamic multimedia presentation provides a bold and hopeful vision of the next "holistic" stage of human civilization—and how each of us can fully participate as co-creators of the world to come.

Attendees of the event will also hear from White Standing Buffalo, Cree Chief and spiritual leader who will offer a presentation on "Ancient Wisdom in a Modern World," and White Elk Medicine Woman, a natural born Indigo (old soul) who will discuss her 30 years' experience in the healing arts. Sees Birds Medicine Council Woman & Bright Spiraling Eagle will also speak.

Nura Health, SPC is honored to sponsor this event. All proceeds and donations will help to fund this Cree Community's Sun Dance Ceremony Outreach Program.

The Sun Dance Ceremony is a prayer for life, renewal and a spiritual and physical offering in service to the tribe and to the Earth. Aboriginal societies have always recognized and honored the spirits of the air, the water, the rocks, the plants and animals and most importantly, the spiritual nature of themselves. The honoring traditions of our ancient forefathers are still carried out by the few remaining aboriginal communities that inhabit our planet. The rituals performed by these societies integrate the human spirit and body with mother Gaia.

For more information or to purchase tickets, please visit nurahealth.tix.com or contact Tristan at (206) 941-7575 or tristan.carbery@nurahealth.com

All proceeds and donations will be collected by The Backbone Campaign, a 501c3 non-profit organization in Washington State.
